

RACHIT TRIPATHI

Aspiring Software Engineer

Lucknow, Uttar Pradesh | +91-9696977765 | tripathirachit486@gmail.com

[linkedin.com/in/rachittripathi2509](https://www.linkedin.com/in/rachittripathi2509) | github.com/rachit1807

PROFESSIONAL SUMMARY

IT undergraduate with front-end development internship experience and hands-on machine learning/NLP projects. Skilled across the stack — from data preprocessing and model training to building responsive, production-ready interfaces. Seeking a Software Engineering role to build reliable, user-focused products at scale.

EDUCATION

Qualification	Institution	University / Board	Passing Year
B.Tech — Information Technology	Babu Banarasi Das Northern India Institute of Technology, Lucknow	Dr. A.P.J. Abdul Kalam Technical University, Lucknow	2027
12th	Dr. Sudama Prasad Vidyasthali	CBSE	2022
10th	Dr. Sudama Prasad Vidyasthali	CBSE	2020

EXPERIENCE

Full-Stack Web Development Intern — CodeMore

29 September 2026 – Present

Remote

- Working remotely on assigned full-stack web development tasks and projects as part of an ongoing internship.

Front-End Development Intern — Codveda Technologies

26 August 2026 – 27 September 2026

Remote

- Built a fully responsive landing page (HTML5, CSS3, vanilla JS) using semantic HTML for accessibility/SEO, CSS Flexbox/Grid for layout, and mobile-first media queries across navigation, hero, feature, and footer sections.
GitHub: github.com/rachit1807/Task-1-FitForge-Landing-Page
- Developed a dynamic Counter Application using JavaScript DOM Manipulation with increment, decrement, and reset functionality. Implemented event listeners, real-time UI updates, keyboard shortcuts, dark mode, progress tracking, local storage, and responsive design to enhance user interaction.
GitHub: github.com/rachit1807/Premium-Counter-App
- Collaborated with the engineering team on responsive, cross-device UI design; used Git/GitHub for version control.

PROJECTS

AI Resume Analyzer & Job Matching Platform

Aug 2026

Java, Python, NLP

- Built an AI-powered platform that parses resumes, computes ATS-compatibility scores, extracts skills, and matches candidates to relevant job roles using NLP-based techniques.
- Implemented skill-gap analysis to generate personalized improvement recommendations for job seekers.

GitHub: github.com/rachit1807/AI_RESUME_ANALYZER

SmartLoanAI — AI-Based Loan Prediction System

Aug 2026

Python, Machine Learning, Scikit-learn

- Built a machine learning pipeline — data preprocessing, feature engineering, and model training with Scikit-learn — that predicts loan approval probability from applicant data.
- Delivered an end-to-end workflow from raw applicant inputs to real-time approval-probability output.

GitHub: github.com/rachit1807/SmartLoanAI

TECHNICAL SKILLS

Languages: Java, Python, SQL

Web Development: HTML, CSS, JavaScript, Node.js

Database: PostgreSQL

Machine Learning: Model Training, NLP Basics, Scikit-learn

Tools & Practices: Git & GitHub, Version Control

Soft Skills: Communication, Leadership, Team Collaboration

CERTIFICATIONS & ACHIEVEMENTS

Web Development Training — Acmegrade x Mood Indigo, IIT Bombay

Nov – Dec 2024

Online / Remote

- Covered HTML, CSS, JavaScript, and backend integration for full-stack web development; built mini-projects in industry-oriented sessions. (Cert No. AGC2024120368)

Java Programming Training — Learnovate Enterprises

May 2025

- Intensive training covering foundational to intermediate Java programming, with hands-on coding exercises and projects to strengthen problem-solving and logical thinking.
- Selected as Department Mentor for Learnovate Enterprises' Soft Skills Training program, guiding peers through the curriculum and sessions.
